Clayko CRM

A simple solution to keep track of all your contacts and secure storage of all correspondence and documents.

With Clayko CRM you are in control as you have ready access to all information pertaining to a particular contact.

Clayko CRM facilitates team work by providing shared access to information and assignment of actions to team members.

An intuitive and easy to use Web based user screen enables users to benefit from Clayko CRM instantly.

Clayko CRM Provides

- A low cost Contact tracking solution.
- Access from anywhere via the internet to a single, shared information repository.
- The benefits of an Enterprise Customer Relationship Management Solution at a fraction of the cost.
- Full information backup and off-site storage of all emails, documents, records and files attached to contact diary entries.
- Simple Search facility or advance search over 15 fields.
- A solution that can be progressively rolled out without substantial capital investment.
- Management reporting for greater control and peace of mind.
- Diary Entry listing by company or contact
- Key Performance Indicators (KPIs) monitoring
- Automatic attachment of emails to diary entries.
- Sales listing with progress monitoring Suspect, Prospect, Active, Negotiate, Close, Order.
